VERSE

Peace and love had its moments now, the rainbow's gone from the sky

I couldn't look when the roots came up, now the tree lies empty and dry

Born in an age of uncertainty, raised to learn every rule

I have my doubts what it's all about, need to drown my sorrows in you

CHORUS 2

Going to break the bottle open, and we'll have a party for two

Drink away the cold let love unfold, want to drown my sorrows in you

Some sweet intoxication, from a bottle labeled in blue

Want to stay until I've drunk my fill Want to drown my sorrows in you
